THE QUEST FOR KNOWLEDGE – YOU ARE THE KEY TO A SUCCESSFUL FUTURE

hen said a teacher, Speak to us of Teaching.
And he said:

No man can reveal to you aught but that which already lies half asleep in the dawning of your knowledge.

The teacher who walks in the shadow of the temple, among his followers, gives not of his wisdom but rather of his faith and his lovingness.

If he is indeed wise he does not bid you enter the house of his wisdom, but rather leads you to the threshold of your own mind.

The astronomer may speak to you of his understanding of space, but he cannot give you his understanding.

The musician may sing to you of the rhythm which is in all space, but he cannot give you the ear which arrests the rhythm nor the voice that echoes it.

And he who is versed in the science of numbers can tell of the regions of weight and measure, but he cannot conduct you thither.

For the vision of one man lends not its wings to another man.

Kahil Gibran

Yearbooking: telling the story of school life...of teaching . . . of learning . . . of spirit . . . of those who lead . . . and of those who follow ... capturing memories in pictures and in copy... this has been our goal.

DEDICATION

We the class of 1968 make this dedication to the man whose leadership and conduct serve as a standard to be followed by all.

During our two years with him we have witnessed his subtle humor and gentlemanly qualities. He gave praise to us as individuals and as a class. He showed us how ardently a man could love his job and how much happiness could be derived from helping others.

In an attempt to return some of the respect that he first gave us, we the Class of 1968 hereby dedicate our yearbook to you, MR. WINDSOR J. BORDEN.

So a real nice

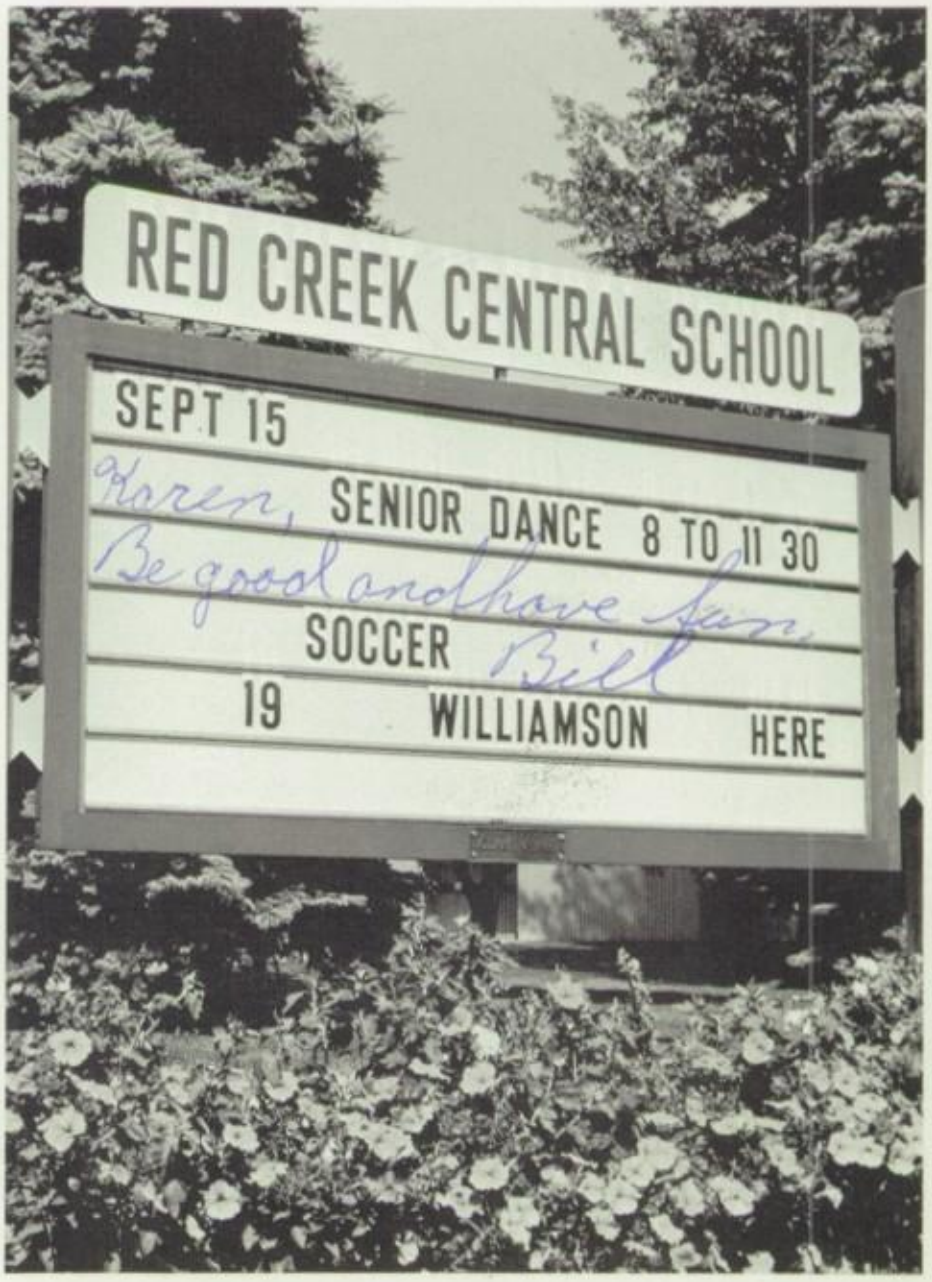
THE SCHOOL

R. C. C. S. is an edifice of weathered brick, time-worn wood, and concrete.

With the advent of each school day, her halls, silent and dark as the night become filled with life and activity.



As in the past, and as in times to come, hundreds of students sit in the many desks, stop to talk in the halls or at book filled lockers, and participate in various school functions.

Each of these students has, in his own way, added to the heritage of R. C. C. S. while growing in knowledge, understanding, and maturity.

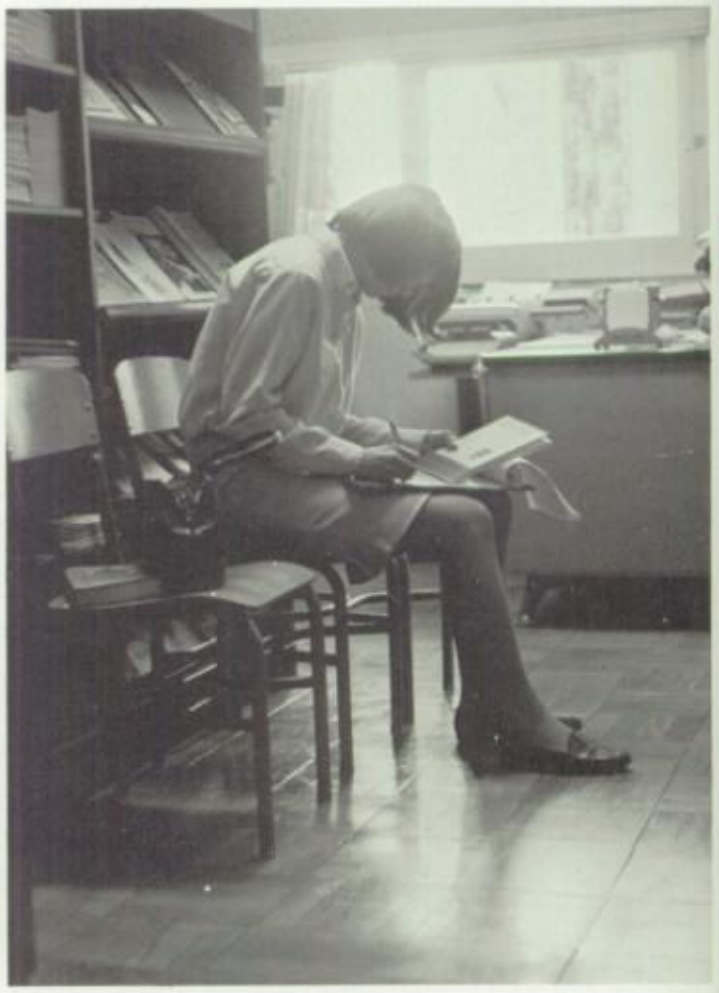
THE QUEST FOR KNOWLEDGE

The "quest for knowledge" begins at an early age, imperceptible as it might seem. At this stage it is quite likely to be termed as curiosity. Playing and working as a group, children acquire social attitudes and the foundation upon which they will build their future learning. As they advance in their "quest for knowledge", their attention turns to deeper probing and individual research.

P. P.

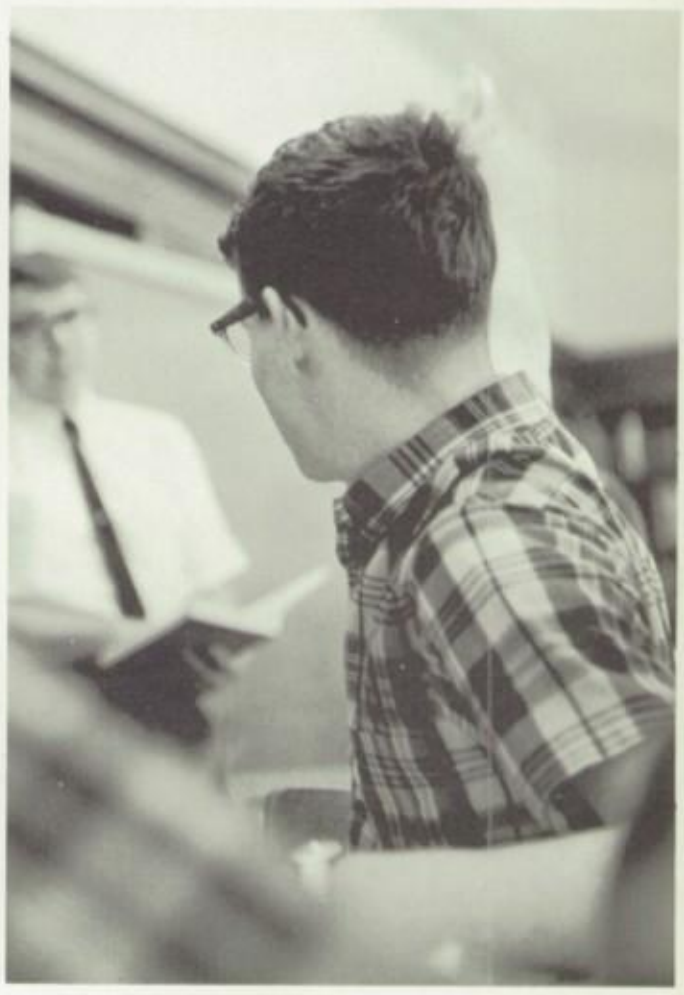
P. P.

High school is but the second stage in one's "quest for knowledge". Its path is as varied as it is stimulating. It may involve working constructively with one's hands or listening to a teacher's lecture. It also may include working at the board. And there is always study, be it a hurried cram session in the hall, a leisurely perusal by one's locker, or a joint effort by two friends.



The "quest for knowledge" cultivates a love of books and stimulates the desire for self-expression. Self discipline and class participation are naturally accepted, as is the idea that a strong mind is acquired only with the development of a strong body.

KING EDWARD
KING EDWARD



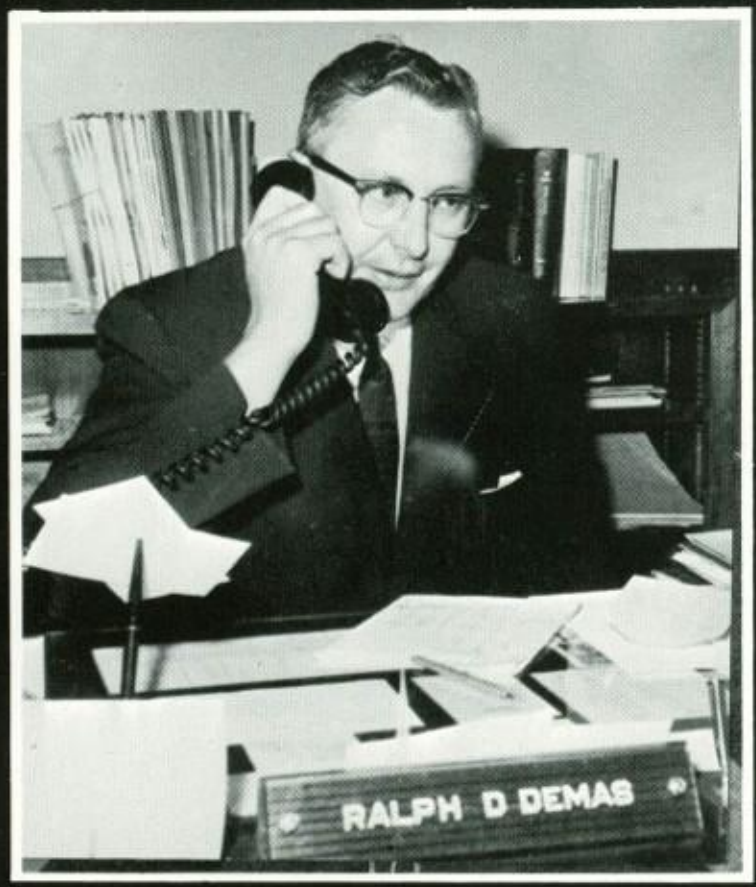
PROCESSIONARY CATERPILLARS

Processionary caterpillars feed upon pine needles. They move through the trees in a long procession, one leading and the others following--each with his eyes half closed and his head snugly fitted against the rear extremity of his predecessor.

Jean-Henri Fabre, the great French naturalist, after patiently experimenting with a group of caterpillars, finally enticed them to the rim of a large flower pot where he succeeded in getting the first one connected up with the last one, thus forming a complete circle which started moving around in a procession and which had neither beginning nor end.

The naturalist expected that after a while they would catch on to the joke, get tired of their useless march, and start off in some new direction. But not so. Through sheer force of habit, the living, creeping circle kept moving around and around, keeping the same relentless pace for seven days and seven nights, and would doubtless have continued longer had it not been for sheer exhaustion and ultimate starvation. Incidently, an ample supply of feed was close at hand and plainly visible, but it was outside the range of the circle so they continued along the unbeaten path.

They were following instinct--habit--custom--tradition--precedent--past experience--"standard practice"--or whatever you may choose to call it, but they were following blindly. They mistook activity for accomplishment. They meant well, but they got no place.



ADMINISTRATION

THE ADMINISTRATION WORKS AS A TEAM

MR. RALPH D. DeMAS

Mr. Ralph DeMas, our District (or Supervising) Principal, is an important leader in the Red Creek School District and community.

Serving as Executive Officer to the Board of Education, it is his job to carry out Board policies to the best of his ability. His schedule is a busy one which includes overseeing the school's many staffs and meeting with students and their advisors to keep abreast of student problems.

To keep au courant with administrative affairs, Mr. DeMas attends two Administrative Staff meetings per month and many other conferences throughout the year.

Mr. DeMas could likely be termed the "Boss" of the many employees and students of R.C.C.S. However, few people realize that he too has several bosses with whom he must meet before any important move is made. With the coordinated efforts of the Board, the taxpayers, and the State Department, Mr. DeMas is able to run R.C.C.S. smoothly and efficiently.

Mrs. Nora DeMas is the Director of Guidance at R.C.C.S. It is her responsibility to advise Junior and Senior High students as to an appropriate curriculum of study for the high school years. She takes upon herself the task of meeting with individual students and their parents to form plans for the years following graduation. Whether the students' choice be college, the armed services, or a vocation, she is always willing to help him obtain the very best.

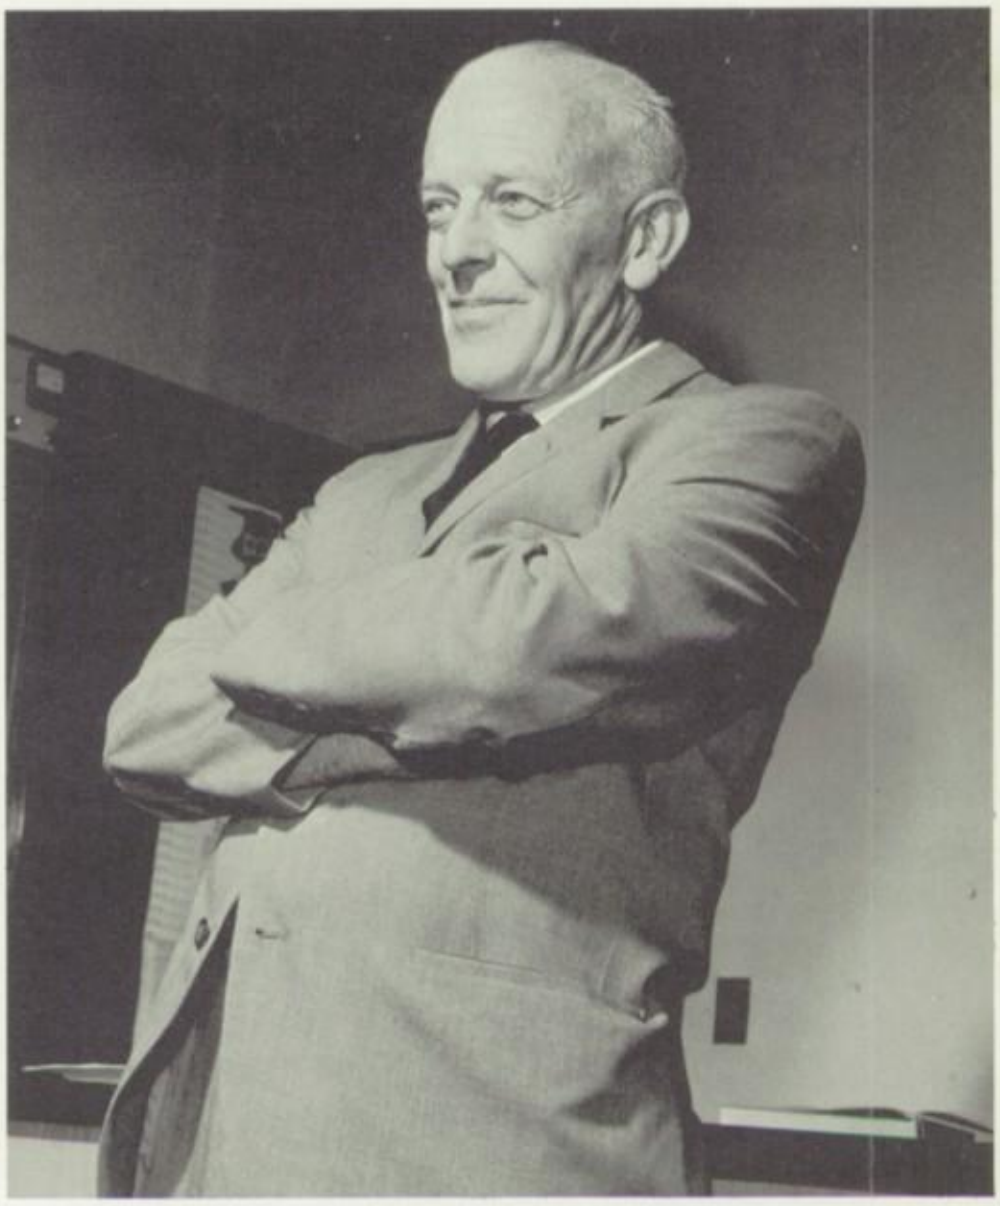
By helping then with their plans for the future, Mrs. DeMas is not only benefiting the students themselves, but also the society which they will soon be joining.

MRS. NORA S. DeMAS

TO GUIDE STUDENT LIFE AT R.C.C.S.

Mr. Homer Claflin, the High School Principal, is constantly trying to instill a desire for maturity in the students at R.C.C.S. Throughout the day he can be seen helping students and communicating with them at their own level. It is for this reason that Mr. Claflin is able to gain respect from the students while, at the same time, he is able to maintain his authority.

This authority, composed of discipline, kindness, and faith, is essential in maintaining a smoothly run school.

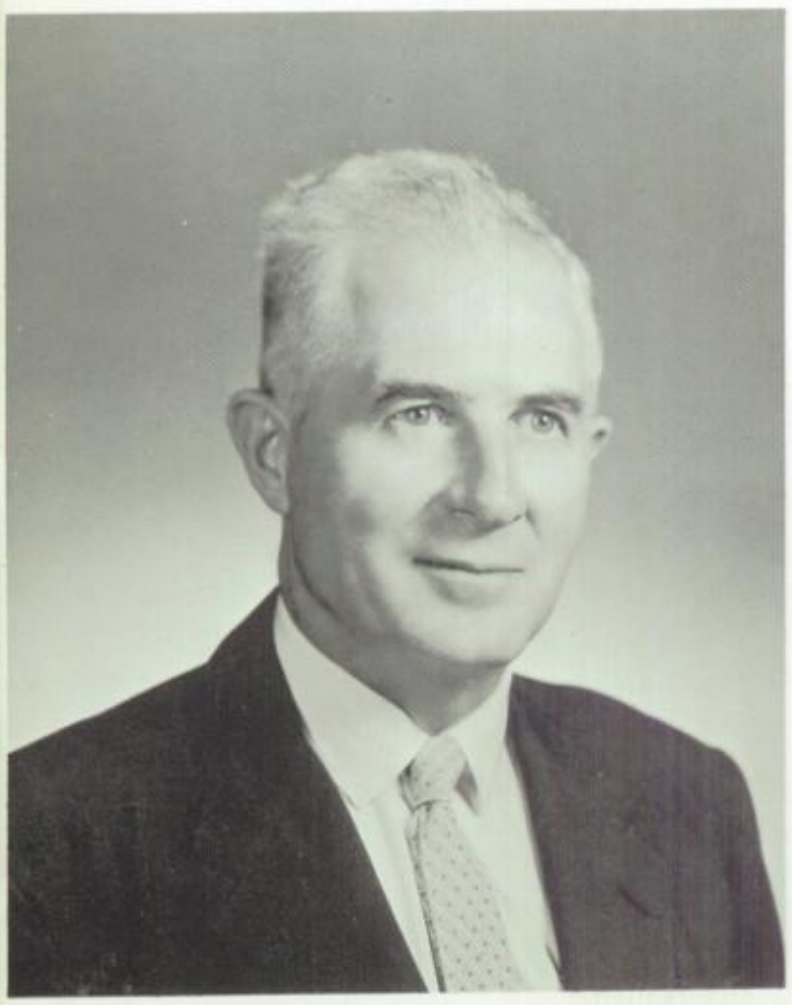


MR. HOMER E. CLAFLIN

MR. HOWARD WHIPPLE

Mr. Howard Whipple is the Business Administrator at R.C.C.S. It is his job to keep the school operating efficiently by fulfilling the complex duties of coordinating the school's transportation system, arranging for various repairs, and ordering text books and supplies. In addition, he is in charge of the high school and elementary cafeterias and helps class and club treasurers to keep accurate records of their funds.

These busy citizens cooperate with school administrators to coordinate an effective school program. They are Grace Frost, Bernard Brundidge, Leon Fitch, Clarence Cooper, Melville Warford, Robert Burghdurf, and Delores VanWie.



MR. MORRIS J. LIVINGSTON
District Superintendent

R.C.C.S. BOARD PROBES CROWDED CONDITIONS

Red Creek Central School is governed by a Board of Education, composed of seven members elected by the residents of the Red Creek School District and headed by President Bernard Craine. The Board's main purpose is to provide the best possible means of education for every student. Their functions include determining school policy, and appropriating money for books, supplies, and personnel salaries. The Board is currently dealing with the over crowded conditions which exist on both the high school and elementary levels. In the planning stages is a new high school which would alleviate these "expansion" problems.

Mr. Morris J. Livingston is the District Superintendent of Schools. He serves as the liaison officer between the State Department in Albany and the schools in Wayne County. Mr. Livingston also holds the position of head of the Board of Educational Co-operative Service.

ELEMENTARY

ELEMENTARY ADMINISTRATION STRES

Mr. Edward Furletti is the supervisor of the Margaret W. Cuyler and the Fair Haven Elementary Schools. He divides his time between the two schools to keep them running smoothly. He holds the responsibility of maintaining a proper atmosphere for the education of the children in Kindergarten through the sixth grade, a time when the basis for learning is formed to promote progress toward a better life.

MR. EDWARD FURLETTI

Mrs. Silvia Drum is head secretary at the Cuyler School. Her duties include answering phone calls, typing letters and keeping school records. The fulfillment of these vital tasks makes Mrs. Drum an integral part of the school.

MRS. SILVIA DRUM

SES PROPER LEARNING ATMOSPHERE

Mr. Richard Westover is the head teacher at the Fair Haven Elementary School. He carries out the administrative functions of the school besides tending to his usual duty of teaching Social Studies in grades four through six.

MR. RICHARD WESTOVER

MRS. HELEN LONGLEY

Mrs. Helen Longley is secretary at the Fair Haven School. She gives assistance to students and teachers that need materials and information, and deals with school correspondence. Her duties make her pertinent to a well run school.

SEVENTH GRADE

All seventh grade girls are introduced to the feminine art of homemaking; here is a little experiment in cooking.

The seventh grader experiences a change in attitude concerning himself and school. The process of moving from grade school to the high school often confuses him. He soon discovers that the methods of learning and teaching are often completely different from his previous experiences.

Now one of many pupils in school, he realizes that he will not be pushed to do his best. He knows that he can no longer be made to learn; he must have the desire to learn. The seventh grader changes from a pupil to a student when at last he realizes the importance of his "quest for knowledge."

EIGHTH GRADE

Eighth graders have a varied curriculum including not only English, history, math, and science, but also music, art, homemaking and industrial arts. This broad background helps them to choose their program of study in high school.

Their biggest social event is the Eighth Grade Party. They are not yet concerned with earning money; only with the development of body and mind.

They have a long journey ahead of them, and have only begun their "quest for knowledge."

Physical fitness is essential to mental fitness.

FRESHMAN CLASS

Mrs. Brown gives informal instructions to R. C. C. S. cheerleaders, many of whom are freshmen.

Now that they are officially high school students, the freshmen are fully aware of their responsibilities and can look not only to the past, but also to the future in their quest for knowledge."

This is the first year they can take part in extracurricular activities. They are no longer involved with just themselves, but with the whole school. Their curriculum is one of individual choice.

The first money raising project for the freshmen is a dance. Activities begin at a slow pace, but soon pick up as the student gets into the swing of things.

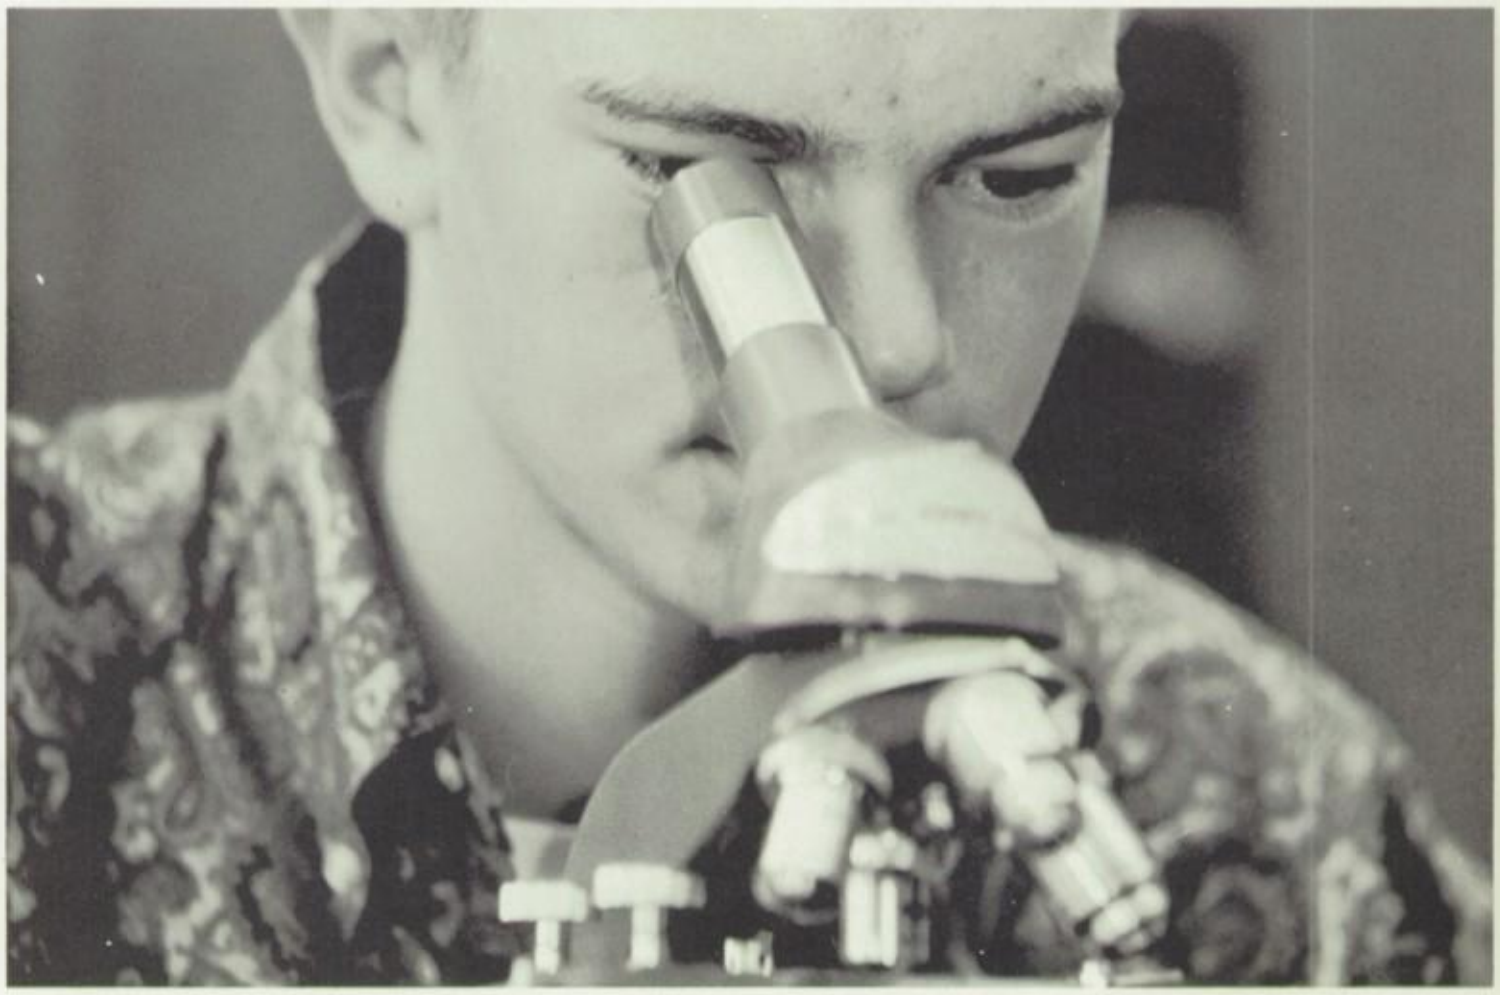
SOPHOMORE CLASS

Sophomores have now adjusted themselves to high school life. They have formed good and bad habits that will remain with them for the rest of their lives. Learning has become an impulse as they slowly but surely move towards fulfillment in their "quest for knowledge". The responsibilities they face during this year build their character. These few years set the foundation for a strong body and mind.

The sophomores sponsor one dance during the year. The profits from this event will be used for the trip they will take in their senior year.



Sophomores probe into the mysteries of the microscopic world.

JUNIOR CLASS

Art class gives Juniors an opportunity for self expression.

Juniors have now reached the level in high school where they have acquired the title of "upperclassmen". Their roots are firmly fixed and hold them upright in leadership, scholarship, loyalty, and courage. A junior's interest branches out in many directions in his "quest for knowledge".

The junior class raises money through the sponsorship of a dance. They also sell candy and stationery. Their largest money-making event during the year is the Junior Supper.

"WINTER WONDERLAND" PROVES SUCCESSFUL

The Student Council is an elected organization which leads and governs all students in grades seven through twelve. Each class and organization is entitled to and duly elects representation to this council. From among this number the officers are chosen. This year an all girl slate of officers presided over the meetings under the guidance of Mr. Keith Krause.

The Student Council was again in charge of the bookstore and student pictures and, for the first time, the refreshment stand at soccer games. The money from these ventures is available to clubs, classes, and groups in R.C.C.S. to ease the financial strain for special projects. This year the Council also sponsored an orphan, Il Suk, from Korea, and, for the first time, staged a "Winter Weekend" with a snow sculpturing contest and a formal dance climaxing this gala event.

HONOR SOCIETIES

SR. HIGH

The Senior Honor Society is a select group of students from grades ten through twelve, advised by Mrs. Nora DeMas. The goals of the Honor Society are to promote leadership, to create a desire for service, to stimulate greater interest in scholarship, and to encourage the development of character and a well-rounded personality. Members are constantly striving for higher ideals. Those chosen for membership evidence a sense of dedication and possess the qualities which a sound society is based upon.

LEFT ROW: D. Henwood, F. Daratt, L. Cook, D. Cooper. MIDDLE ROW: L. Bishop, B. Park, D. Krejcar, C. O'Connor, P. Richardson. RIGHT ROW: K. King, A. Rotach, S. Yuhas, Mrs. Nora DeMas.

JR. HIGH

Junior Honor Society is composed of students from the seventh, eighth, and ninth grades who demonstrate outstanding leadership, character, service and scholarship. A scholastic average of 85 per cent must be achieved and approval given by faculty members before a student is even considered. Mr. Michael Bookstein is the advisor.

SENIOR BAND BOASTS BUSY CALENDAR: MUSIC PRESENTED WITH POLISH AND FLAIR

R. C. C. S. 's Excellent Senior Band

The Senior Band is made up of those students who are exceptionally adept at playing their musical instrument. The band is always busy practicing for its many engagements. These include the county music festival, where the band last year received a 5A rating, the Christmas concert, the Memorial Day parade, Cornell Band Day, the Spring Concert, playing for Commencement, and marching in the Fourth of July parade. Also held this year were exchange concerts with Westhill and Solvay. The Band continually brings recognition of excellence to Red Creek Central School.

The stage band is a select group of band members taken from the trumpet, trombone, saxophone, and percussion sections of the Senior Band. Also included is a "cool" piano. The group specializes in jazz and pop selections, and is justified in calling themselves the "Swingsters" Their major activity is to provide the music for the stage production put on annually by the music department.

Strutting proudly in distinctive navy uniforms, and shaking red and white pom-poms, the pom-pom girls lead the Senior Band when it is on parade. With flag bearer and gun carriers marching out in front at a snappy pace, they add to the sharp looks of the band and fill the crowd with enthusiasm. This year the pom-pom girls marched and executed routines at the Cornell Band Day, the Memorial Day parade, and the Fourth of July celebration.

Leading the band in parades: Pom-Pom Girls.

The Swinging "Swingsters".

HAPPY VOICES BLENDING FREELY

The Excellent 110 Member Senior Chorus.

Each and every year the call goes out to every high school student to join the Senior Chorus. For those who pass the tryout requirements, there is work and fun and a very busy schedule! This year the chorus members performed at the annual Christmas Pageant presenting not only the traditional carols but also selections of foreign origin sung in their respective foreign language. Also the 110 member chorus presented the "Hallelujah Chorus" from Handel's "Messiah." In the spring, the Senior Chorus presented their typically excellent Spring Concert with voices blending freely to create that unique Red Creek sound. The chorus members also rehearsed diligently throughout the year to ready for state competition where they will compete for a top rating in Grade 5.

As an added honor, approximately twenty chorus members, taken from all sections of the Senior Chorus, represented Red Creek Central in the Wayne County Music Festival

CHORUS DIRECTOR, Harold Cook

A small vocal ensemble, composed of girls from the Senior Chorus, is chosen annually by means of a highly selective try out. The Honor Singers, with twenty members, rehearse in the evening preparing numbers that range from classical to pop tastes. A relatively new group, the Honor Singers nevertheless have a busy roster of engagements and are always available for school and civic functions. Wearing their new cherry red blazers, the "Singers" will go into state competition hoping for an A rating for their performance of Grade 5 music.

The Highly Select Honor Singers

OUTING CLUB

The Outing Club's purpose is to introduce students to outdoor camping. Under the supervision of Mr. Kenneth Healy, the club members take weekend trips into the Adirondacks in the fall and spring of each year. Members become skilled in the art of boating and "roughing it."

Karen,
Do a sweet kid, Hope your remaining
3 yrs. are fun ones. Good luck
always, kid. Love ya
Elaine

G.A.A.

The Girl's Athletic Association is an elected organization drawn from girls, grades 9-12, who participate in intramurals. These girls are responsible for arranging dates and organizing equipment for the games.

Intramural sports open to high school girls include soccer, volleyball, basketball, softball, field hockey, swimming, and bowling. These games are designed to promote better sportsmanship among the girls at R.C.C.S.

YORKER CLUB

The purpose of the Yorker Club is to study the history of New York State, especially local area history, thus helping members to become acquainted with their state.

Under the direction of Mr. Keith Krause the group submits projects into competition with other Yorker Chapters, and trips are taken to spots of historical interest.

WOODSMEN'S CLUB

The objectives of the Woodsmen's Club are to explore the Adirondack wilderness and study its flora, fauna and economic geography. Advisor Mr. Matthew Osterhaudt, instructs members in survival methods, back-packing, cross-country hiking and base camps which are used during week-end trips.

F.H.A.

The Future Homemakers of America is a national organization composed of girls who are interested in improving personal and family living. The members and club advisor, Mrs. Janice Hess, attend district rallies and state meetings where they have the opportunity to meet girls from other schools and to gain additional social experience.

F.F.A.

The Future Farmers of America is an organization composed of boys who are enrolled in vocational agriculture. Advisor, Mr. Ronald Buckman, helps the members develop leadership, promote better farming, and gives them a chance to take part in wholesome group activities. A program of work and recreation is planned with other chapters in district, state, and national contests and meetings. This year the Red Creek F.F.A. dominated the Wayne County F.F.A. meeting by having three members elected as county officers.

F.T.A.

The Future Teachers of America, advised by Mrs. Lena Rickard and Mr. Robert Monroe, is designed to instill interest and provide information concerning the teaching profession. The club is open to students from grades 9-12 who, during the school year, visit nearby colleges to get first-hand knowledge about their probable profession. Yearly events sponsored by the F. T. A. include a Halloween dance and "something special" for the faculty members on Teacher Recognition Day.

F.N.A.

The Future Nurses of America, under the guidance of Mrs. Betty O'Bryan, helps students to become acquainted with the routine of a nurse's job. Discussed at club meetings are various opportunities of a nurse's career and available colleges and hospitals for nurse's training.

RED CRICKET

The Red Cricket, now in its new format as a literary magazine, is compiled, edited, and readied for press by interested members of the student body. Anyone may contribute his original works to the Cricket; among those works, essays, short stories, editorials, and poems. Illustrations are submitted by those persons enrolled in art. Cricket advisors are Mr. Gerald Kennedy and Mrs. Lisa Abu-Jaber.

SPANISH CLUB

Members of the Spanish Club, under the guidance of Mrs. Earlene Dunn, increase their cultural, historical, and linquistic knowledge of Spanish speaking countries.

Club activities are both socially and scholastically inclined and include listening to guest speakers, viewing slides, and having "fiestas."

ASSEMBLY COUNCIL

The Assembly Council under the direction of Mr. Gerald Kennedy, is responsible for planning the assembly programs for the school calendar. Typical programs are band and chorus concerts, commercial assemblies, and honor society inductions. The club members, elected by their classes, prepare and present the introductions for these assemblies.

PHOTO CLUB

The Photography Club is devoted to teaching its members the skills of photographing. Members learn the function of photography equipment, the fundamentals of taking pictures, and the procedures used in developing film and enlarging negatives. Club meetings are devoted to actual work with photography equipment.

BOWLING

With an almost totally senior team, the Red Creek Bowlers have been toppling those pins with an eye on the Eastern Division Championship. Leading as League scorer is Dean Pearce, a third year man, with Dain Pearce and Ricky Parks, also third year players, holding averages of 138.

INDUSTIRIAL ARTS CLUB

The main purpose of the Industrial Arts Club is to provide further exposure to the various aspects of industrial arts for interested boys on the high school level. These boys work on individual and group projects under the direction of Mr. Robert Stanley, I.A. instructor at R.C.C.S.

The club's major project, conducted annually, is "Toys for Tots". The club members fix toys which are then distributed by the Grange at Christmas time.

JUNIOR VARSITY

MULES VIE FOR CHAMPIONSHIP – TIE FILLMORE

This year after several jugglings of positions, linemen to backs, backs to the line, the Red Creek Mules again came up with a winning combination. Beating rival Wolcott twice, and undefeated Wayne in a 3-1 battle, the Mules drew the top record in Class C, giving up only one game, to Marion. Advancing through the sectionals, the Mules beat Scio 1-0, and went on to defeat Byron Bergen in a tough replay match, 2-1. The final game with Fillmore is one that won't be forgotten. With wet snow covering the field and more snow coming down on a stinging wind, the game was almost cancelled, but no future date was available so the game was held. The Red Creek and Fillmore teams played hard with the outcome being a draw, one to one. Louie White scored on a penalty kick to keep Red Creek alive. Both teams were presented with trophies and will share the honors as co-champions; this being the Mules fifth consecutive year as sectional champions.

VARSITY BEATS MARION, FIRST TIME IN 13 YEARS; VARSITY + J.V.'S BEAT RIVAL WOLCOTT IN TOUGH COURT MATCHES.

After the frey: a weary walk to the locker room.

The Junior Varsity team, with able coaching from Mr. Case, has shown once again that a group of semi-experienced boys can be brought together and trained and then can go out onto the court and win those games. With a fifty-fifty record, the boys had a better season than last and added several exciting games to their credit. Beating rival Wolcott by one point in the last remaining seconds, was but one of their hard fought wins.

Making a comeback after last year's disappointing record of five wins and thirteen losses, the Varsity team has shown up those who were pessimistic about this year's season. Led by high scorers Steve Williams, Kevin King, and Steve Powers, the Rams, with a great deal of hustle and an equal amount of guts, came up with a winning record; at this date: eleven wins, four losses, and three games remaining. Beating Marion for the first time in thirteen years, thereby breaking their winning streak, and inching by rival Wolcott in a tough up-to-the-last-second game, were but two highlights of this season. After coming out way in front of the other schools in Class C, Red Creek won the honor of competing in the sectionals and at this date is only two games away from leading the entire league.

THE 1967 CHAMPION BASEBALL TEAM

These are the bats that brought in the runs.

RED CREEK UNDEFEATED IN REGULAR SEASON

Hampered by inclement weather, the Red Creek baseball team could have had a hard time getting on its feet. But with an active indoor program and keen interest on the part of the team members, the Red Creek nine survived and overcame the lack of outdoor practice.

Led by John Sturtevant's fast ball and fine relief pitching from Tom Tilebein and John Lalik, and backed by the powerful bats of Steve Craine, Bob Garrad, John Sturtevant, John Lalik, Roger Coleman, and Steve Powers, (all batting with averages above .340), Red Creek went undefeated for the full length of the regular season. For the nineteenth consecutive year, R.C.C.S. went to the sectionals only to be inched out in a tough final quarter by Friendship, 5-4.

TRACK AND FIELD

The '66-'67 track season brought with it tough competition in Class B meets. A small squad and numerous injuries resulted in a 1-6 record. Outstanding performances were turned in by Joe Yuhas, with a hefty throw of 42' 11" in the shot put, and by Dan Henwood with a high jump of 5' 4". Dan broke another record when he ran the 440 in 56.9 seconds. John Roberts, well known for his speed and endurance in the mile run, set a new standard with his time of 5.07 minutes. In the pole vault, Dale Folnsbee took the lead with a heighth of 10 feet.

CROSS COUNTRY

The 1967 Cross Country season saw a small Red Creek team vieing for a ranking among the top five cross country squads in the county. Barry Cooper, Claude, and Ed Wood consistently placed in the first, second, and third positions. Tight support came from fellow squad members, Dean Pearce, Jim Parrow, and Tom Benjamin. Red Creek acted as host school for the Wayne County Meet. The squad went into the meet with a fairly good standing of 5th place but received several blows which knocked them into eighth position.

TEACHER'S AIDES

Due to the expansion of the R.C.C.S. school system, it has become increasingly important for teachers to devote more time to actual teaching. Therefore, teacher's aides assist the faculty by supervising study halls and the library. Those on the elementary level also take over during rest and play periods.

SECRETARIES

Secretaries at R.C.C.S. are probably some of the busiest people in the school system. Day by day they act as receptionists for parents, friends, and salesmen, keep orderly and accurate school records and give help to students and teachers whenever necessary. Without their efforts R.C.C.S. would be running far less efficiently.

HIGH SCHOOL: Geraldine Forsythe, Golda West, Emma Henwood, Chloe Metzger, Helen Norris: manager, Evelyn Lincoln, Velma Purdy, Alice Smith.

CAFETERIA STAFFS

The elementary and high school cafeteria staffs are in charge of preparing tasty and nutritional meals for the student body.

In addition they supervise and prepare the banquets and dinners held for various functions.

FAIR HAVEN: Jean Turner, mgr., Eloise Gray, Anita Follet.

CUYLER: Shirley Godkin, Shirley Minier, Leona Dodge, mgr., Gladys Humphrey, Una Parks.

BUS DRIVERS

The bus drivers' job is one of tremendous responsibility. Their main task is to safely transport students to and from school each day. They also transport club members to various functions allowing them to become more closely associated with other students throughout the state. This extended transportation allows the students to participate in events and make additions to our achievements in sports, music, and academics.

KNEELING: Glen Larkin, Roy Kasson. STANDING: Clark Reitz, Lena Houghtaling, Bessie Coleman, Wayne Coleman, Virginia Westerman, Maynard Stothard. BACK ROW: Kenneth Caywood, Gordon Bacon, John Knox. ABSENT: Byron Caywood, Harry Weisbad.

HOME TEACHING

Red Creek Central provides education not only for those regularly matriculated students, but also for those students who cannot attend school.

At the present there is one student who receives this service. His name is Eugene Guthrie. After school hours, certain teachers visit his home and give him special instruction. Eugene uses an intercom that is installed in different classrooms so that he may listen to lessons and lectures.

CUSTODIANS

Keeping the elementary and high school buildings in top condition is the job of the custodians. They work not only during school hours, but also at night, after school functions, and during the summer. Their job requires them to be jacks-of-all-trades for they have to be care-takers, plumbers, handymen, painters, and carpenters all rolled into one.

HIGH SCHOOL - Mr. Donald Schumaker, Mr. Melvin Connor, Mr. Bruce Frost.

I'll sign way back here where it's not crowded.
We had a good school year.
We'll make the summer better.
And next year, we'll really have a ball. Let's make it last as long as possible.
With love
Jim

Karen,
Best of luck
with Jim and
stay the cute +
sweet girl you are
Love ya.
Barb P.

Karen
We are still
kind of strangers
but don't worry
I will fix that
good luck always
Rick

Karen,
Wherever I
think of Spanish
class (313) I'll always
think of you! Good
luck to the kid we like
has the best personality
I know & we'll have
to get together again
July 4th!
Love,
Rosana

K+J

Karen,
Don't worry
not knowing
does make
you a better
person

Karen,
Good luck always
We sure had fun
in N.Y.C. Maybe
my sister can
take us bowling
Marcia

Karen,
Be good and stay
out of trouble - you
know what I mean.
Rick

Karen
Good luck
always to a
good kid I hope
you have fun
with Jim he's
a great kid.
Linda

Karen,
Good luck to a
good kid through
the future.
Dave

Karen,
Good luck kept
good always.
Don

Karen,
To a swell
kid, especially
with your green
coat on
I'm so
glad you
made cheer.
You're great!
Be good
and have fun!
Luv,
Bec

Karen,
To a sweet
& swell girl. That
makes friends
with everybody.
Best wishes always
in all you do. Have
fun.
